Benefits of Electronic Claim Submission

One of the greatest benefits of electronic claim submission is that less information from providers is required for processing. Less information means less room for error. The data elements *not* required on electronic claims include the following:

- | | | |
|-------------------------|----------------------------|--------------------------------|
| ✓ Claim sort indicator. | ✓ Patient's date of birth. | ✓ Patient's sex. |
| ✓ Patient's address. | ✓ Signature of provider. | ✓ Provider's name and address. |

Other benefits of billing electronically include the following:

- | | | |
|-----------------------|-----------------------------|---------------------------------------|
| ✓ Free software. | ✓ Online edits. | ✓ Flexible submission methods. |
| ✓ Improved cash flow. | ✓ Lower detail denial rate. | ✓ Claim entry controlled by provider. |

To request more information on electronic claims submission contact the Electronic Media Claims (EMC) Department at the address located in Section IV of this handbook.
